WORK EXPERIENCE

2018-
Current

Math, Physics, and Chemistry Tutor

Freelance, Ankara, Cankaya

I am a math, physics, and chemistry tutor for middle school and high school students.

2021-(2
months)

Mineral Processing Intern

General Directorate of Mineral Research and Exploration (MTA), Ankara, Cankaya

I was an intern at mineral processing department of MTA. I was part of many procedures of the beneficiation methods. Also, I had to accomplish a unique personal study in which I conducted a froth flotation experiment in the laboratory and started with a raw copper sample. Then, I completed all the steps until it was ready for the grade analysis.

2022-(2
months)

Mineral Processing Intern

General Directorate of Mineral Research and Exploration (MTA), Ankara, Cankaya

2022-(1
month)

Mineral Processing Intern

Meta Nickel Cobalt Inc., Gordes, Manisa

I completed my facility internship at Meta. The project given for the personal study was the calculations of material balance of facility and the efficiency of each unit.
